THINKING MAY 2025

servane mouazan
conscious innovation

SUN	MON	TUE	WED	THU	FRI	SAT
				1 What do you feel just after you've appreciated a quality you've noticed in someone?	2 The map is not the territory. What is showing up that you didn't notice before in your relationships?	3 Where do you observe patterns connecting your experiences?
4 What more do you think, or feel, or want to say?	5 What will make you feel at ease today?	6 What is the shape of your uncertainty just now?	7 What does "belonging" mean in the spaces you are contributing to this month?	8 Which assumption is probably right for composting right now?	9 Book your spot on the Thinking Partnership Course this September!	10 Today, wait for someone's signal before jumping to reply....
11 What is an aspect of you or your practice you can share today in any shape or form?	12 What would it look, sound, or feel like to hold multiple truths?	13 What do you want to capture from your thinking today?	14 Your body is the first place you can show appreciation to, what does it mean for you today?	15 What does "enough time to think" look or feel like for you?	16 What does it mean to be a equal thinking partner for you?	17 Remember when you felt free to think for yourself, without interruption or judgment. What was special then?
18 What is undescribable about you that you wish people knew? How would you start this story?	19 Do you want the people you work with to think for themselves, always?	20 What do you need to do to help people think for themselves? How is that different from what you usually do?	21 Pop into the House of Trust (link) and listen to podcast guests on Radical Community Resilience and Slowness	22 Join the next Future Kind Leaders Circle on June 5th (Link)	23 What do you need today to keep thinking independently for yourself and as yourself?	24 Sign up to Conscious Innovation Updates.
25 What is longing to be combined, not resolved?	26 What else do you need to shape your dream? What question will meet that need?	27 How far can your peer go in their own thinking before they need yours? And how much further than that can they go?	28 How do you know for sure that what you're about to say will be of more value than what your peer is about to think?	29 How might you listen for what is not yet possible to say?	30 What is at the heart of a gentle encouragement for you?	31 What do you want to capture for yourself as this month comes to an end?
